Heard from the Region that we want to do a press event later today and a public meeting soon. The EOC has all sorts a ways to get information out to the Community including their social media and were very confident they could get it done but think we're ok for now. Just the media.

How would you advertise it and who would come? We may have some data.

Dan Wall is coming down tomorrow morning to brief START and I as to sampling locations and anticipated data receipt. Talk at you tomorrow, and if the EOC is in Durango like everything else all the locations the RA wants to visit are do-able.

They would like to be able to let people know before the weekend whether it's ok to be on the water and what, if any health concerns there may be. Doubt it's possible to what all that tomorrow but will there be anything we can share about the data. They mention ph levels specifically. Libby

\*There's a woman at the San Juan County health dept who offered space if you want it. Will get her number from Rich.

Also checking on Shaun's flight in tomorrow. We think it's 9:30. Will shoot you a line once travel folks back in.

Also Joan's cell is: Personal Phone/Ex. 6 if you need it. I believe she's here tomorrow and we should share whatever proposal you have for his day in Durango with her in the morning. Good luck. Let me know what I can do.
